सं./No.CWM/CW/WIS/2020

दि. / Dt. 17.08.2020

My dear Happy Walia

संदर्भ/Ref: CRIS letter No.2018/CRIS/NDLS-ITPI/WS-C/  
PROJECT/WSC2/0123/PT-1 Dt.28.07.2020  
-----

Carriage & Wagons Works, Perambur (CW/PER) has planned to implement WISE on very high priority. However, it is seen that Inspection Report (IR) module of WISE only support inspection/ assessment of work and creation of work orders. For calculating incentive, a separate module, I-PASS is used where total earned allowed time is entered manually. It is important that WISE and I-PASS are seamlessly integrated for calculating incentive.

On 11/08/2020, I along with my team discussed through video conferencing on this issue with a team of CRIS consisting of the following members:

1. Shri Hirak Dasgupta, Sr.Project Manager, New Delhi
2. Shri Pratik Pandey, Sr.Project Manager, New Delhi
3. Shri Vikas Sengar, Sr.Project Manager, New Delhi
4. Shri Raghavendra Kumar, Asst.Manager/ CRIS/ Lallaguda Workshop
5. Shri S.Raman, Project Engineer, Chennai

At present a lot of manpower is required for data entry into I-PASS. Integration of WISE with I-PASS will not only reduce dependency on manpower requirements but also will bring robustness in the system for calculating the incentive.

I request you to take up this on priority. With my experience in successfully completing IT related products in the past, I am in better position to provide all the support for its successful implementation in CW/PER and subsequently to other Workshops in Indian Railways.

With best wishes,

(आनंद स्वरूप/ ANAND SWAROOP)

Shri Happy Walia,
